HELP YOUR PATIENTS TO **BE** WHAT THEY WANT TO BE

Whether they want to be secure, be active, be discreet, or just be themselves, there's **Confidence BE®** – the most exciting product range we've ever developed. Available with flat and soft convex wafers, Confidence BE® has a range of clever features to help everyone feel comfortable in their own skin, confident in their abilities and free to live life.

BE COORDINATED

Closed and drainable bags are available in black, white and stone to offer choice for the first time

BE ABLE

Blue tab on the white easy-peel release is easier to see and use

BE COMFORTABLE

Our flat and soft convex wafers are designed to stay secure with no lifting or rolling

BE DISCREET

Intelligent Active Chamber Filter System helps prevent ballooning, pancaking and odour

BE ACTIVE

Highly water-repellent material dries quickly and helps prevent perspiration

BE QUIET

No-rustle cover is quieter than ever before

BE CONFIDENT

Sleek fabric with anti-sag stitching keeps its shape

BE SECURE

Improved outlet is easier to open, empty, clean and secure with new, premium VELCRO® Brand hook and loop fastener material

BE ABLE

Blue, guided touchpoints on the outlet are easier to see and use

3

Available in a choice of black, white and stone for the first time, Confidence BE® has a unique filter design that helps to reduce ballooning, pancaking and odour. The sticky, yet gentle Flexifit® wafer, infused with extracts of Aloe Vera, has thinner edges to prevent rolling and a thicker, more absorbent core. Made from highly water-repellent material,

CONFIDENCE® COMFORT

NEONATAL/PAEDIATRIC WITH FLEXIFIT®

Confidence® Comfort Neonatal/Paediatric with Flexifit® is the perfect choice for tiny babies, toddlers or older children. Available in Neonatal or Paediatric sizes, it features a unique 6-sided Flexifit® wafer designed to fit snugly to a child's natural contours. It stays in place, helping to reduce leaks and irritation, even as they wriggle and move around. To help protect baby's delicate young skin, there's a skin-friendly hydrocolloid that is gentle on little bodies.

SALTS SUPPORT WEAR

Available in black, white and nude, our ladies' briefs and unisex boxer are made from a two-way stretch fabric that allows the body to move freely, while ribbing on the front provides a flush finish, making them virtually invisible under most clothing.

SALTS MOULDABLE SEALS WITH ALOE

Salts Mouldable Seals with Aloe are extremely mouldable seals. They help to prevent leaks that cause sore skin by moulding to the exact shape and size of your stoma. Following the contours of the abdomen to help create a customised, comfortable, leak-resistant seal, Salts Mouldable Seals with Aloe are infused with extracts of Aloe Vera to create a skin-friendly seal that may help protect the skin from redness and irritation.

SALTS ALOE RINGS

Salts Aloe Rings are skin-friendly, thin and flexible hydrocolloid rings. They can be stretched to accommodate moderately oval stomas and retain their shape for a secure, comfortable fit. Infused with extracts of Aloe Vera, Salts Aloe Rings may help to soothe, moisturise and protect peristomal skin.

SALTS STOMA COLLAR

This innovative stoma collar provides a leak-proof barrier around the base of the stoma. The protective collar can help to give the stoma direction and more shape, resulting in a better spout that points directly into the bag, helping to prevent output from coming into contact with the skin. Ideal for all round-shaped stoma types, the thin and flexible collar is made of an extremely soft material that twists and turns with the movement of the body.

SALTS BARRIER FILM

Salts Barrier Film is specifically designed to leave a gentle, protective film on the skin immediately around the stoma. It can help to protect the skin against leakages, prevent sore skin due to frequent bag changes, and perspiration penetrating the adhesive. Apply to clean skin and allow to dry before bag application. Available in a wipe or foam applicator.

SALTS FLANGE EXTENDER WITH ALOE

These thin, skin-friendly hydrocolloid strips are easy to apply and help secure the edges of the wafer, giving added security wherever it's needed. And, with added extracts of Aloe Vera, Salts Flange Extenders with Aloe may help to protect the delicate skin around the stoma.

SALTS ADHESIVE REMOVER

Salts Adhesive Remover effectively removes residue and refreshes, helping to leave skin clean and adhesive-free. Containing a non-sting formula with a natural peppermint fragrance, Salts Adhesive Remover helps to mask odour. Available in a spray or wipe.

SALTS NO-STING STOMA PASTE

Salts No-Sting Stoma Paste helps to provide an ideal surface for the bag to adhere to, by filling any dips or creases to help prevent leaks. And, as it's alcohol-free, Salts skin-friendly No-Sting Stoma Paste has none of the stinging associated with traditional pastes.

SALTS NIGHT DRAINAGE BAG

Salts Night Drainage Bag has a large 2,000ml capacity and a 1,200mm tube to give greater movement, for a comfortable night's rest. And, with a unique swivel action and quick snap-on connection, Salts Night Drainage Bag is even easier to use.
